#### The Power of sponsord content

- Placed among editorials in a familiar writing style and quality
- Captivates seamlessly our readers interest with down to earth, informative and inspiring content that will have impact and stays with them for a long time
- The article is written by Zeilen editors and labelled in such a way that it is clear that the content is sponsored
- The content can be used for distribution by the partner and their own channels

# Building your brand with Zeilen – story telling with North Sails

"In our first season 200 quotation requests, 50 sails sold of which 35 to new clients"

Jacco Huijgen, marketing North Sails

Our partner North Sails asked us to introduce an innovation, with the name Helix Furling Gennaker, amongst our readership. Written as an editorial but clearly *labelled* to be unambiguous about the paid nature of the article, we explained the concept, the sail in practice, it's advantages and merits.

Through a sponsored article in our magazine and digital copies through our online channels our partner reports strong sales directly traceable to our content.

With more than 50 sails sold in season of launch it has been a highly successful campaign.

# Building your brand with Zeilen – Story telling with Musto

"Great to see how much attention our brand and our HPX line have received because of your exposure"

Fleur van Milligen, sales Musto Benelux

The iconic yellow HPX foulies of our partner Musto, easily recognized by every sailor, has been redesigned in 2023 with many improvements to previous designs. Brand ambassador Rosalin Kuipers continues to be in the spotlight during the Ocean Race. Our interview with Rosalin produces valuable and practical information for **cruisers** for choosing and daily use of their foulies. One of the best moments of our time with Rosalin resulted in a unique photo.
